

VONUO

Wireless Charging Pad

for iPhone 8, iPhone 8 Plus, iPhone X and
Qi-enabled devices

Welcome

Thank you for purchasing the VONUO wireless charging pad. The wireless charging pad is optimized to work with iPhone 8, iPhone 8 Plus, iPhone X, iPhone XR and iPhone XS Max. but it also charges any VONUO case with wireless charging and other devices with Qi wireless technology. Stable and secure, the VONUO wireless charging pad charges on contact.

Features

With the specially-designed chip and latest power solution, This wireless charger has ever a remarkable charging efficiency up to 85%, 20%-30% higher than regular chargers.

No need to remove the phone case before wireless charging, VONUO wireless charger is engineered to transmit electric power directly through even heavy protection cases.

Multi-colored LED ensures a good connection when charging your device. Easily track the charging progress from your phone's screen.

Using the Wireless Charging Pad

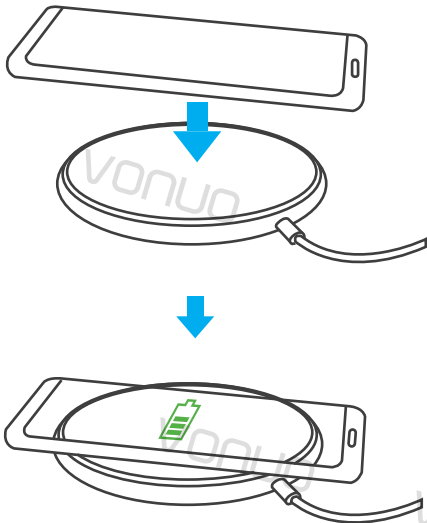

1. Connect the Wireless Charging Pad and a charger with a charging cable, and plug the charger into an electric socket.

Note

When the Wireless Charging Pad is connected to the electric socket, the indicator light flashes in blue colour.

2 .Place the wireless device on the wireless charging pad as shown in the illustration below. Make sure the center of the device is aligned over the center of the charging pad. Charging will begin on contact.

Important

- Avoid dropping.
- Do not disassembly.
- Do not expose to liquids.
- For the safest and fastest charge, use original or certified cables.
- The maximum ambient temperature during use of the product must not exceed 40°C.
- If you want to clean the product, use only with dry cloths or a brush.
